Who We Are

The Friends of the Library are a group of supporters who choose to invest in the future of the Mexico-Audrain County Library through the literacy and educational initiatives of the Library District.

The Friends make it possible to meet increased demands placed on the Library district due to the growth in technology and shrinking resources.

The Friends group is dedicated to supporting the goal of the Mexico-Audrain County Library District to

provide the best possible library service for all of the citizens of Audrain County.

In addition to membership dues, funds are raised through our ongoing book fairs.

All of the money raised goes directly to the district to provide literacy and educational programs, including funding of the summer reading programs, meeting an author events, and other services of the library district.

Donations of any amount are welcome and encouraged. The Friends of the Library group is a 501c3 organization, a status which allows your donations to be tax deductible.
